EMPLOYEE TESTS POSITIVE FOR COVID-19

Today we learned an employee has tested positive for COVID-19. The employee has been isolating at home since 7/16 after their child began exhibiting symptoms. The child tested positive on Sunday 7/17. The employee started exhibiting mild symptoms Monday evening 7/18 and received the positive test result today.

This staff member does not work in a healthcare setting; therefore, there are no impacts to the C&R and Assisted Living.

This case is unrelated to the two cases previously reported. The staff member who was reported positive on 7/13 has been released from quarantine. The resident reported as positive on 7/14 has returned from the hospital and is recovering at home.
