

COVID-19 UPDATE

AND OTHER HELPFUL INFORMATION

For Residents, Family Members, and Staff

Thursday, August 27, 2020

Cumulative Active COVID-19 Cases at The Pines as of: 8/27/20

No cases

ADDITIONAL INFORMATION

New Visiting Area to Open

Soon, The Pines will have an outdoor visiting area in front of the Community Center's main entrance for Independent Living residents to meet with friends and family. A temporary concrete patio with chairs will be added to serve as visiting areas. Visitors will be screened, completing a health questionnaire and a contactless temperature check. Access to all buildings will still be limited to residents only, and residents will need to use their access cards (fobs) to open the vestibule's inner sliding doors at the Community Center's entrance. At this time, these by-appointment visits will permit two visitors for each resident household.

We look forward to offering outdoor visitation for Independent Living residents beginning the week of September 7, if not sooner. Additional details will be provided next week.

Pizza Deliveries

Organized by The Pines' Resident Services Department, this week's pizza deliveries to 102 residents was a great success! Marco's Pizza, located in Cornelius, delivered this comfort food steaming hot and on time. Many thanks to resident Cathy Baily as well as Wendy Tobin, Stephanie Clontz, Jackie Hughes, and Nancy Ellington for delivering these evening meals. The many notes of appreciation the staff received included one that said, "DELICIOUS 😊. Thank you so much. And it was warm!! So very good."

Art Survey

In the next day or so, Independent Living residents will be offered an opportunity to provide The Pines' interior designers with feedback regarding proposed pieces of artwork. The approach will be similar to that used previously for this project, asking each respondent to rate the appeal of each piece on a 5-point scale. Preferences expressed from a previous resident survey helped with the final selection of pieces for the Phase 1 dining room, allowing us to understand which pieces would be acceptable to most people. In this instance, for efficiency, the survey will be solely in digital format, and responses are needed by September 4.

Closing Images

Thank you, Nancy Griffith, for capturing the following images of eastern tiger swallowtail butterflies on a cottage's flowering bush.
