

## **COVID-19 UPDATE**

***For Residents, Family Members, and Staff***  
**Wednesday, July 15th, 2020**

We wanted to share with you some new information regarding two Independent Living residents noted in last Thursday's Update. The resident in Independent Living who had been exposed to COVID-19 has indeed now tested positive for this virus and is currently receiving treatment at a hospital. Having recently returned from being away, this resident was under self-quarantine at The Pines. This individual's spouse, who had tested positive for COVID-19 earlier without having returned to campus, continues to receive care at the same hospital.

We keep both of them and their families in our thoughts at this time.
