

COVID-19 UPDATE

For Residents, Family Members, and Staff

Tuesday, July 14th, 2020

It is hard to believe that four months ago this week, The Pines went into ‘lockdown,’ in order to safeguard all members of the community from COVID-19. We have learned a great deal during this challenging period. Sadly, the threat of COVID-19 has not diminished in the communities and region around us and, in fact, its threat is even greater now than in the weeks and months past.

We are grateful to all members of our community – residents, family members, and staff – who have thoughtfully engaged in safe practices to help keep this vicious virus off our campus. COVID-19 has touched our community, bringing with it recovery and loss among members of The Pines. Every day that we learn more about the virus adds to our ability to contain its spread and to find new, imaginative and communal ways to respond to the challenging environment we all find ourselves in.

Thank you for to the many who have contributed ideas, shared talents and above all, supported fellow residents, staff and families during this difficult time.

Cumulative Active COVID-19 Cases at The Pines as of: 7/14/20

Independent Living Resident: 1 case*

Non-Health Center Staff: 1 case

*Virus was not acquired while the resident was at The Pines.

ADDITIONAL INFORMATION

Library Update

The Residents’ Association Library Committee will meet with management later this month to work out details related to a safe reopening of the Library, albeit with limited services.

Moonlight

Bill Reinke took this photo of the full moon (and Jupiter), which appeared on Sunday, July 5th over our “Big House.” Thank you, Bill, for permanently capturing this beautiful image and sharing it with us!

Construction Update

Rodgers Builders shares their weekly report outlining progress at The Pines here: [Report](#).

The following are some highlights:

- Nursing Wing: Painting continues; casework and elevator is being installed.
- Dining: Painting and cleaning of Phase Two Dining continues.
- Villa #1: Walls on the 3rd floor are being insulated and interior is being blocked.
- Villa #2: Fixture layout and framing of hard ceilings taking place on level 4.
- Davidson Room: Window frame installation continues
- Fitness Room: Framing of interior.

Closing Image

Thank you, Ken Pedersen, for these additional images taken on our campus. He writes, *“A bee speckled with pollen and a Cabbage White butterfly join my recent parade of small Pines creatures.”*
