

Cost

Senior Care accepts most insurance and supplemental Medicare plans. This means that our providers will be in network for almost all insurance carriers. Senior Care will bill all insurance plans, including Medicare, and your co-pay and deductible will apply. Call your insurance provider if you have questions.

Enrollment Process

New Patient Packets are available in The Pines' Wellness Clinic. The Clinic's nurse can explain how to complete and submit the paperwork to become a patient of Senior Care and begin enjoying the convenience of having all primary healthcare needs taken care of on-site at The Pines. Please note that each patient enrollee may designate only one primary care provider.

In addition to Independent Living Residents, enrollment in Senior Care at The Pines is open to those who have joined The Pines' Future Residency Program, subject to availability.

Senior Care at The Pines was established with help through a generous donor gift. In order to become a sustainable program, enrollment of 50 percent of Independent Living Residents will be needed.

-- Kirsten is wonderful! She took the time to explain all of my options to help manage a life threatening condition I did not know that I had. I am grateful to her and the Senior Care team for their super follow-up care!

Atrium Health Senior Care

**Comprehensive On-Site
Primary Care for
Independent Living Residents**

The Pines has partnered with Atrium Health (formerly Carolinas Healthcare System) to bring comprehensive on-site primary care to residents of Independent Living. Senior Care offers services 24 hours a day/7 days a week to residents through an expanded on-site healthcare team, on call services, and access to specialized care throughout Atrium Health's network of area clinics.

Davidson Urgent Care, also part of Atrium Health, is an option for primary care outside of Senior Care's clinic hours at The Pines. Patients are seen at Davidson Urgent Care on a walk-in basis every day from 8:00 a.m. to 8:00 p.m.

Expanded On-Site Primary Care Hours

- The Wellness Clinic Nurse continues to be available six days a week (Monday-Saturday) from 8:00 a.m. to 12:00 p.m.
- Kirsten Presby, NP, sees residents in the Wellness Clinic on Monday, Wednesday and Friday from 8:30 a.m. until 4:30 p.m. She also makes home visits if a resident is confined to their Independent Living apartment due to a very contagious illness, or if a resident patient is a caregiver to a homebound spouse.
- Dr. Deanna Mangieri is the supervising physician of Senior Care at The Pines. She is on-site on a monthly basis for care plan meetings and routine visits such as annual exams.

Senior Care Primary Care Team

Joining The Pines' Wellness Clinic Nurse, Margo Caldwell, are Dr. Deanna Mangieri, primary care physician, and Kirsten Presby, Nurse Practitioner.

Dr. Mangieri, D.O., is board certified in both Internal Medicine and Geriatric Medicine. She completed a fellowship in these specialties at Wake Forest University.

Kirsten Presby, N.P., is board certified by the American Academy of Nurse Practitioners. Her specialty is Geriatric Medicine. Her clinical experience has recently included on-site training

at The Pines with Dr. Beamon. As a Nurse Practitioner, Kirsten is licensed to diagnose patients, prescribe medications, order diagnostic labs and develop a patient plan of care, including the arrangement of rehabilitative services, in coordination with her supervising physician.

-- I am so pleased with Dr. Mangieri and Kirsten's specialty in geriatric medicine. It makes such a difference! They evaluated my medical records and gave me a thorough exam with brain tests. My previous doctor never did this!
