No cases

**Kimbrough Cottages**

A resident recently asked when construction of the three new cottages would be completed. This construction is expected to take approximately 10 to 11 months. The following document, distributed to residents on October 13<sup>th</sup>, provides additional answers to questions the community may have regarding this project: [Kimbrough Cottages](#).

**Housekeeping Services**

The Pines will be increasing the amount of housekeeping time provided to all Independent Living residents beginning the week of November 9. Greg Hines, Housekeeping Supervisor, will give you an adjusted schedule. For those who might want to privately hire additional cleaning help, Greg has a list of individuals with experience at The Pines who have said they would like opportunities for supplemental income. If you would like to hire someone for this purpose, Greg can provide you with contact information. He can be reached at ext. 1716.

**Fall Blooms**

This fall, bright begonias and a statuesque Calla Lilly greeted all who entered our main building.

### **Next Week: Veterans Day Observances at The Pines**

Be sure to look for an email from Wendy Tobin, The Pines' Independent Living Activities Supervisor, for a listing of Veteran's Day Observances scheduled for next week (or see tomorrow's Activity Bulletin). Plans include showings of a video that celebrates the history of America's military, a Grab and Go breakfast for residents who served in our military, a short ceremony to dedicate our new flags and raise them for the first time, and a viewing of the movie *The Last Full Measure*, based on the true story of a U.S. Air Force medic and Vietnam War hero. We thank all our Veteran residents for their service to our country.

### **Virtual Concert via M@SA on Sunday, November 22, 2020**

Thank you, Earl Edmondson, for sharing information about this upcoming, free online concert: At 3:00 p.m. on Sunday, November 22, Music at St. Alban's (Davidson) will present a virtual concert offered to all without charge. The performer will be Robin Bullock, who is considered one of the preeminent acoustic masters of our time. He has been hailed as the "Celtic guitar god" who delights audiences with programs featuring Celtic and classical music for mandolin and guitar. With virtuosity he blends ancient melodies of the Celtic lands, their vigorous American descendants, and masterworks of the Baroque and Renaissance eras into a powerful musical vision. One reviewer observes that "Robin creates a warm afterglow, assuring listeners that it is very good to be alive in this world." For this occasion, Bullock will offer a program of works by J.S. Bach, Stephen Foster, and Turlough O'Carolan.

To hear this engaging performance without charge, go to M@SA's web-site at [www.musicatstalbandsdavidson.org](http://www.musicatstalbandsdavidson.org) or to M@SA's Facebook page at <https://www.facebook.com/musicatstalbands/> on November 22. This project is made possible, in part, with funding from the ASC. M@SA is a 501[c]3 non-profit organization.

## Closing Image

Ginger Johnson shares her most recent painting (left), entitled 'Winter Melody', which was inspired by a photo (right) taken in Rouses Point, NY. The woman who created this fanciful live installation is a musician who plays the French horn. Both pieces certainly inspire the imagination. Thank you, Ginger, for creating this wonderful painting for all of us to enjoy!
