

COVID-19 UPDATE

AND OTHER HELPFUL INFORMATION

For Residents, Family Members, and Staff
Saturday, December 12, 2020

Today, we learned that a Health Center staff member tested positive for COVID-19 following a second COVID-19 test this person took on 12/9. This individual had learned on 12/7 of possible COVID-19 exposure, was tested on that day, and had received a 'non-detect' result from that test. This staff member was retested on 12/9 and the positive result (as noted above) was received today. This individual is experiencing symptoms, resting at home, and will be under the guidance of a medical provider.

A staff member is defined as a full or part-time employee of The Pines. Due to the rising community spread of COVID-19 in Mecklenburg County, we ask you to be especially vigilant with safety guidelines (masks, social distancing and washing hands). Please also limit off-campus travel to only truly necessary trips (important medical appointments, for example). Thank you for all you do to help keep our Pines community as safe as possible.

New Active COVID-19 Case at The Pines (12/12/2020)
