

# ARTIS SAFETY COUNCIL: COVID UPDATE

## A Town Hall for Families and Caregivers of Those with Dementia

*Hosted by Artis Senior Living and our panel of experts including physicians from Johns Hopkins*

As we enter the last quarter of 2021, we find ourselves reflecting on the many strides that our associates, residents, their families, and the world have taken in hopes of getting back to a normal way of life. Because we know that we are not quite there yet, our Artis Safety Council continues to meet regularly to get information directly from the source, enabling us to make the best decisions with the most up-to-date science and research. Join our team of physician experts as they share the most recent information about:

- The State of the Pandemic
- COVID-19 Variants (Delta, Lambda and others)
- Progress in COVID-19 Prevention and Management

### **Please Bring Your Questions!**

*As always, we value your thoughts and will provide time during our discussion for any questions you may have.*

*Please Register By Saturday, October 16<sup>th</sup>*

## Virtual Town Hall

**Monday, October 18<sup>th</sup>**
