# Community and Safety Technology in The New Normal

*Presented by Cara Willis, LSW, Director of Social Work at Greenwood House Senior Healthcare in Ewing, NJ*

In order to navigate the ever-changing healthcare landscape, this discussion will focus on ensuring connections are maintained through technology. New technology can enhance the lives of older adults and their caregivers.

We will discuss technologies such as:

- Zoom/FaceTime
- Phones that are user-friendly for older adults
- Orientation tools such as digital clocks with day/time
- Digital frames that families can use to remotely upload photos, videos and personal messages
- Safety technology such as cameras for supervision
- Varied fall/life alert systems

*Please Register By Tuesday, September 21<sup>st</sup>*

## Join us for a **FREE** Educational Webinar

### Tuesday, September 28<sup>th</sup>

10:00 - 11:00 a.m.
