

Finding Joy in Caregiving

Presented by Loretta Veney, author of "Being My Mom's Mom," "Colors Flowing from My Mind," and "Refreshment for the Caregiver's Spirit." Loretta is a motivational speaker and trainer who has delivered more than 300 speeches and presentations on dementia and caregiving since 2014, and she offers a wealth of information and encouragement for her audiences. After receiving the devastating news in 2006 that her beloved mother, Doris, was the first female in the family to suffer from dementia, Loretta and her mom were featured in articles in The Washington Post (2016), The New York Times (2017), AARP (2018), as well as in a PBS special titled "Alzheimer's: The Caregiver's Perspective." In 2019, Loretta was selected as Trailblazer of the Year by Johns Hopkins Medicine.

Joy can sometimes be difficult to find on ordinary caregiving days, and add any challenge to the mix, and it can seem virtually impossible to find

joyful moments. During this webinar, participants will receive strategies and tips for turning caregiving challenges into joy, and will be provided opportunities for audience participation and discussion on the topics covered.
