

Successful Communication Given Alzheimer's Logic

Presented by Donna Fedus, MA, a Gerontologist & Founder of Borrow My Glasses, LLC, an education company focused on aging and caregiving from a new perspective. Donna brings 30 years of experience and a passion for dementia caregiving to her work as a gerontologist educator, adjunct professor, researcher, instructional designer, and program strategist.

Changes in communication patterns can frustrate both individuals with Alzheimer's and people around them. However, there's often more logic to it than you might think. This workshop will help you crack the code in the early and middle stages of the disease, so you can continue to connect in meaningful and enriching ways.

- Decipher Alzheimer's logic – there IS logic.
- Explore multiple communication strategies to connect with people in early and middle stages Alzheimer's disease.
- Discuss the emotional impact on both sides of the communication.

This workshop is facilitated by Borrow My Glasses and sponsored by Artis Senior Living.

RSVP by Wednesday, August 17th

Join us for this FREE Educational Event

Thursday, August 18th

4:00 - 6:00 p.m.

Being Held at:
