

Successful Communication Given Alzheimer's Logic

Presented by Donna Fedus, MA, Gerontologist & Founder of Borrow My Glasses, LLC

Changes in communication patterns can frustrate both individuals with Alzheimer's and the people around them. However, there's often more logic than it would first appear. This workshop will help you crack the code in early to mid stages

of the illness, so you can continue to connect in meaningful and enriching ways.

- Decipher Alzheimer's logic—there IS logic
- Explore multiple communication strategies to connect with people in early- to mid-stage Alzheimer's disease
- Discuss the emotional impact on both sides of the communication
